

***There will be no Shootout competition this year.

Going out of business - \$100 for ALL high school UIL study material listed below. This year's materials ALONE are normally sold for \$220. Total value of all the materials is \$1905.

After providing quality study materials to Texas schools for 17 years, I'm going out of business and would like to leave your campus completely stocked for a minimum amount. New coaches will come along in events and need all the materials and support they can get. And when that state level competitor arrives, he/she will use every available resource in preparation.

Creative financing: The principal's coke fund. ☺ Some schools have received funding help from parent/teacher groups since the value of this offer is so great and is limited to this year.

All materials may be reproduced for use by your students on your campus. *No shipping charges!!!!*

Sets of tests from 2004-2009 contain 8 tests per set.
1998-2002 contain 12 tests per set.
1997 and before contain 14 tests per set.

Lit.Crit. tests have from 24 to 40 questions per test from the Handbook.
